Attached is a copy of the piece written by Senator Bennett Johnston's staff. Mr. Jim Bruce a professional Staff Member of the Senate Energy Committee wrote the article. He is interested in determining the accuracy of his comments regarding Soviet operational practices in placing nuclear power sources in outer space. These may be found on pages 3 & 4.

While Mr. Bruce does not have codeword clearance, he is cleared at the TS and Q levels. As I will be out of town on Thursday and Friday, you may want to contact him directly. He may be reached at 224-5052. If I can be of any help, give me a call.

Sincerely,

*George*
